## **FROM EAST TO WEST:**

### **SPREEGOLD MOVES INTO CONCEPT SHOPPING MALL BIKINI BERLIN**

**Berlin from sunrise to sunset: Spreegold is synonymous with freshly prepared meals, snacks and drinks – adapted to your culinary needs throughout the day. In the future, visitors to BIKINI BERLIN will be able to take some time out from shopping and replenish their energy levels on three floors.**

Whether delicious coffee, modern breakfast variations, salads, homemade pasta, burgers, steaks or bar food, Spreegold provides visitors to BIKINI BERLIN with exactly what they need at every time of the day – morning, noon or night. Their own bakery selling the finest baked goods all day long completes the offer. However, Spreegold is distancing itself from the whole junk food cliché – their concept will remain fast, but is even fresher and more modern than before.

There are already three branches of the restaurant in the east of Berlin and its owners Mirko Zarnojanczyk and Ralf Steinacker are now opening their very first location in the west of the German capital. After a two-year search for the suitable premises, they have found an attractive new home here. “There’s a lot happening in the City West right now. When the opportunity arose to move into Bikini Berlin, we didn’t hesitate and we’re delighted to become a part of this exciting development,” says Zarnojanczyk, explaining their decision. The renovation work began in 2017 and now, just four months later, it’s time to present “Spreegold meets BIKINI BERLIN”.

Here Spreegold is focusing on an innovative, modular space concept: over three floors the company is further enhancing the culinary offer of the concept shopping mall. Each floor is used differently – whether in passing if you want to grab a quick snack or for a relaxed meal and drinks until long after the sun has set – and each floor symbolises morning, afternoon and night.

On the ground floor, you will find the to-go area with seating for 45 people, covering an area of 180 m<sup>2</sup> and perfect for those in a rush. On weekdays, this area will be open from 7:30 am until 10:00 pm, at weekends and on public holidays from 8:00 am.

And the restaurant on the first floor offers a meeting and workspace covering 570 m<sup>2</sup>. The 350 seats – equipped with plug sockets and internet – can be used all day from 9:00 am until midnight.

For a cosy start to the evening you should make your way up to the second floor – the Darwin's Lab bar is the perfect place to come and while away the time from 6:00 pm until open end, complete with rooftop terrace and panoramic city views. The bar has an indoor capacity for 80 people on an area of 80 m<sup>2</sup> and for 300 people outdoors on a huge 400 m<sup>2</sup>. A particular highlight: the terrace is open to visitors all year round from 9:00 am until midnight.
